DETAILS OF PLAN ADOPTED FOR RAISING FUNDS TO CARRY ON CAMPAIGN.

Senator Roddie has just returned from Oklahoma City, where he has been for the past week making an abstract of the initiative petitions in the so-called Aiken bill. He reports that Mr. Aiken filed 1061 separate petitions each containing from six to

twenty names. The senator has been working in conjunction with other attorneys in an effort to determine if the petition, as filed by Mr. Akin, has any irregularities which would warrant representative citizens entering a protest against its being filed. Those who have had a conference with the senator are convinced beyond a shadow of doubt that Mr. Akin had very serious difficulty in securing the requisite number of petitioners and that with the proper legal steps the bill will never get beyond the secretary of state. The protest, therefore, in the name of Mr. R. E. Blanks of this city and others has been filed in legal form. In order to conduct the investigation and develop and place in the hands of the secretary of state all the evidence which seems to be apparent upon careful examination of the petitions, it is necessary that funds be raised for attorney's fees and incidental expenses. A committee of citizens, representing the various schools involved in the bill, have decided that \$100 is an equitable share for this city.

There has been no more urgent call upon the citizenship than this one to respond means to save the school

without the necessity of going before the people in the campaign.

The following citizens were appointed to devise means for raising this amount: Tom Hope, J. W. Hays, D. Rinard, U. G. Winn and R. E. Haynes. The committee met in the Ada National Bank yesterday (Thursday) at 3:30 o'clock in conference with President Briles for the Normal school and the following plan was agreed upon. Under the auspices of the Normal school three entertainments will be given, the first one Shakespeare's "Comedy of Errors" under the direction and personal supervision of Miss Irma Spriggs, who is justly reputed to be one of the best literary critics of the country, will be given within the next three weeks. Miss Spriggs with her class in English literature has been working during the year with this end in mind and there is little doubt but that this evening will be one heartily enjoyed by everyone. The next number, which will follow two weeks later will be "Hiawatha" under the direction and personal supervision of Miss Turner of the art department. This play has much of the scenic effect which always proves interesting, especially to young people. The work of preparation has been in progress for some time and the pupils have demonstrated already their ability to give a most pleasant evening. The next event, which perhaps will be given about the middle of June, will be the "Man of the Hour." This is one of the most popular of recent productions. It has been given with remarkable success in the leading cities of America by some of the best actors. Those who are familiar with the story will recall that in the midst of trials and difficulties a young man rises to a position of prominence, and when the municipal government of his city, because of greed, graft and gain has well nigh sunken to the lowest degree, he becomes equal to the occasion of purifying and clarifying the political atmosphere and becomes the hero of the story, the man of the hour. This will prove highly interesting and entertaining and will represent some of the best talent in the city.

Well, Mr. Taxpayer will say does not the bank pay interest on this balance? Yes, sir, very, very nearly 3 per cent as required by law.

Citizen can find no fault with this arrangement and would not turn his hand to have the depository changed if this were all that there was to the matter.

"CITIZEN" COMES WITH WARM ONE

SOME INSIDE FACTS CONNECTED WITH PRESENT CAMPAIGN FOR CITY CHARTER.

To the Ada News:

I will not take up your space replying to "A Frog Pond Blunder" for the matter stated therein if true would have no bearing on the question before the voter at present. Publishers has started something interesting in referring to the motives actuating some wise heads "who have their bristles up, etc." Will suggest that the voter may consider that question at the right time. If the "wise heads" can show the taxpayer that the charter form will be less expensive than the present form and that it is more desirable the charter should carry.

The study of motives on each side of the question might prove enlightening to some voters.

(Now, Mr. Editor, I suppose it is fair to use names here, if not in accordance with newspaper usage dis- guise the name.)

Let's look over those who have publicly opposed the charter. They are Mr. J. W. Bolen, Mr. R. M. Roddie "Publishers" and Mr. Lieuallen. These are the only ones who have spoken or announced their purpose of speaking against the charter.

We heard Mr. Bolen's speech. He frankly stated his objections. There was nothing to it. Not answered in my article yesterday except that some one had been kicking his "dawg" around. There is no selfish motive here so we will pass him up. Mr. Roddie has not spoken yet but makes no secret of his objections. He is afraid that commissioners will take a library away from Mr. Carnegie without allowing the taxpayer to vote on the subject. He also thinks that the worst democrat in the city is a better officeholder than the best republican and is afraid under the charter a republican might slip in as commissioner. He is also opposed to the recall feature. No selfish motive here so we pass him up.

"Publishers?" Who is it? Who are they? Who knows?

Well we do know the "business manager." So our search will have to begin with him. Well now he has no selfish interest in the matter? Wait now, has he? Can it be that the handing of the city funds has anything to do with this fight against the charter. We have seen some interesting scraps among the banks here over the contest of the city account. Business manager is a banker, too. Let's look up the records some. The City Treasurer's report for quarter ending April 1st, 1912, showed the following balances in the banks of Ada:

First Nat'l Bank \$ 1,000.00
Ada Nat'l. Bank 2,000.00
Okla. State Bank 2,000.00
Farmers State Bank... 2,000.00
M. & P. State Bank... 25,234.77

Yes, business manager is a director of the last named bank. By the way, we saw a pretty lively scrap for the office of city treasurer last year, and this bank's candidate won, too, over slight (?) opposition from others.

Well, Mr. Taxpayer will say does not the bank pay interest on this balance? Yes, sir, very, very nearly 3 per cent as required by law.

Citizen can find no fault with this arrangement and would not turn his hand to have the depository changed if this were all that there was to the matter.

Now follow me closely. I do not

wish to reflect upon anyone and do not charge any improper motives to any one, but Mr. Taxpayer you, (so far as you and your taxes are concerned) obtain the same result under the present manner of handling the city funds as if the following trade had been made between the bank and its candidate for treasurer after his election.

"The bank hereby agrees to receive all city monies and pay to the city treasurer for the use and benefit of the city of Ada 3 per cent per annum upon daily balances, provided, however, that the bank shall not be required to pay compound interest (the city treasurer construes the law to mean that interest shall only be credited annually though the custom in matters of this kind is to credit interest monthly and figure interest on interest from time of credit.)

In order that the city treasurer may satisfy some of the city's warrant holders as to paying warrants promptly so they will re-elect him, the bank hereby agrees to pay at par such warrants as the city treasurer sees fit to O. K. and will receive there for 6 per cent per annum on such warrants cashed until the city treasurer has some funds which HE WANTS to use for the purpose of paying these warrants.

The city has funds to carry these warrants and save the difference between 3 per cent and 6 per cent. The Oklahoma law provides that officers having funds in charge may invest, our charter provides that he SHALL invest.

Let me say right here that if the ordinances as already passed are carried out the City of Ada will after 1914 have funds to cash and carry every legal warrant issued by the city of Ada, Ada school district and Pontotoc county. Every dollar earned by the sinking fund means a dollar saved on the tax levy.

Now Mr. Taxpayer consider this. I do not charge that this is a motive controlling "Business Manager's" opposition to the charter but it might be. "Business Manager" says that if the "wise heads" carry the charter he is going to put out some good men to defeat the so-called "Solomons, etc."

Oh, yes, I overlooked Mr. Lieuallen. The records show him to be a stock holder in "Business Manager's" bank.

Now Publishers come on lets adopt this "broad gauge" charter and run the city government for all the people and not for the few.

RAINFALL OVER AN INCH AND A HALF

The rainfall of Thursday afternoon amounted to 1.57 inches. This brings the total for April well up to the average for this month of the year.

Sympathy for Woman Slaver.

Cleveland, O., April 25.—Much public interest and sympathy is manifested in the case of Mrs. Rose Devorkin of Lawrence, Mass., who was arraigned in court today for trial on a charge of second degree murder, for killing Jacob Horovitz on Cleveland street, on Nov. 27, 1911. Mrs. Devorkin shot Horovitz, trailing him here from her Massachusetts home. She charged that Horovitz had known her as a girl, and that on stories growing from the friendship her husband had divorced her according to the Jewish rite. Since the tragedy the woman has given birth to a baby boy, now about two months old.

YOUNG MOTHERS

ADAM MUST HELP IN AIKEN FIGHT

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

SEVENTEEN EIGHT DIPLOMAS ISSUED

Thursday evening the pupils of the Irving school rendered a splendid program at the Asbury Methodist church. At the conclusion of the program diplomas were presented to seventeen who passed the eighth grade. Their names will be given in tomorrow's paper.

This evening the pupils of the high school will present a play entitled: "A Case of Suspension."

R. S. Moore, who is the traveling representative for Simmons Hardware Co., is preparing to build a handsome seven room residence on East 9th street, Donaghey addition.

The anti-commission men argue that the city is already bonded to the limit and ask that we wait until some of this is paid before changing the form of government. Well, they can't get away from the fact that every dollar of the present indebtedness was made under the aldermanic form.

The anti-commission men are still making a fuss about the horde of employees under the commission plan of government. That reminds one of the story of the old maids who sat before the fire weeping because it happened to her how terrible it would be if she should marry and her husband were to fall into the fire.

Under the present aldermanic form of city government when election time approaches the question is who can be induced to make the race for alderman, and under such a condition it is easy for any man with hot chestnuts to be pulled out of the fire to pick and elect his men. No one pays much attention to it and it is much easier to elect a majority of a council by wards than to elect three commissioners a large.

This evening the Empress theatre,

the place where they give a one hour show, will present three fine reels of pictures. Baldwin & Shea met the expectations of the most sanguine in their vaudeville last evening and will appear again this evening in a complete change of program. Good music by the Empress orchestra.

required to pay the deficit which still remains in the athletic association, the remainder will be used to defray expenses of fighting the Akin bill before the secretary of state. It is hoped and expected that the result of this ticket selling campaign will be the raising of enough money to meet the entire expense.

The citizens of Ada will respond heartily, as they have always done, and in this case there will be a double incentive that of contributing to the fight against the Akin bill and enjoying the pleasure in store for them in the three entertainments mentioned.

COMMISSION FORM N. G.

SAYS DEPOSED MAYOR

Mr. A. H. Constant, Ada, Okla.

Dear Friend Constant:—Received your letter of inquiry regarding commission form of government this morning, glad to hear from you again after so many years past since we use to work out hard problems together at the old normal school.

In regard to commission form I could not recommend it for a city of your size, it would be much more expensive than the aldermanic form and gives no better service. We always had the argument put up to us that under commission form we would get better men as they would be paid for their services. We now have the weakest men in office that were up of all the candidates, it came about by the liberal element putting up men who were so radical that the conservative people would not support them.

We have a very weak man for mayor, and for the commissioner of public safety or rather chief of police we have a man over 70 years old. So I cannot report to you very favorably on commission form as for myself I much prefer the aldermanic form. Will be glad to hear from you again old boy at any time. Yours with hopes for the future,

A. O. FARQUHARSON.

Well, that certainly is a rich one. That man Farquharson was mayor of Guthrie when commission government was adopted, and although the people had said in unmistakable terms that they wanted no more of him, he being a wise guy, and knowing better than the people did about what was good for them patriotically refused to vacate until kicked out by the supreme court. Of course a man like that is opposed to commission government. The voice of the people has no impression on him. Naturally he believes that the men who beat him and his gang are weaklings, but evidently the people did not think so.

Louisiana Bankers in Session.

Covington, La., April 26.—A large and representative gathering of financiers and business men marked the opening here today of the annual convention of the Louisiana State Bankers' Association. The program for the meeting covers two days and provides for addresses by several bankers of wide reputation and the discussion of numerous questions relating to banking and finance.

The deSota theatre will be there with the goods this evening. Three full reels of the latest pictures. "The Squink City Fire Department," "Brooms and Dustpans," and "Our Baby" are the best ever. You can't afford to miss it.

Why Willie Was Late.
"Why, Willie, what kept you so late? Did you have to stay after school? I'm afraid you have been naughty." "No, ma'am, I ain't never naughty. Bobby Jones was licked for bein' naughty, an' I stayed after school to hear him yell."

Listen Friends.

I don't want you to read this unless you have confidence in my word. For two years I suffered from a sore on my shin caused by an ax cut. I tried a great many remedies with no results. At last I went to Gwin & Mays, they sold me a box of "Gwin & Mays' Skin Salve," and the second 25c box cured that sore absolutely. I trust that my experience may help other sufferers.

Yours very truly,
LEWIS KEETHLEY.

A WORD ABOUT ADA'S

"FROG POND"

The anti-commission paper in yesterday's issue brought up the proposition of the "frog pond" erected by the city five years ago and stated that the reservoir cost \$28,000 when it could have been put in for about \$18,000.

As a matter of fact the records will show that the contract for the con-

crete portion of the dam was for \$17,981; for the dirt embankment, \$2400;

for putting down the pipe line to the city, \$1,682; and for the pumping machinery \$3,500; and in addition to this the city also had to purchase the pipe and the land on which the reservoir was built, both of which items were considerable. That does not look much like the city was grafted. Furthermore, a little later in a suit between Lumsden and O'Neal, at Bonham, Texas, it was brought out that

the profit to the contractors was on

the part of the bond issue was really the result of a conference between the cement people and a mass meeting of the citizens, the council taking steps to issue the bonds in accordance with the demand of the mass meeting. At all events the result was the location of the cement plant at Ada, and any thinking man will agree that the money was

spent.

Again, it occurs to us that argument of this kind is rather against its authors than otherwise, for if there was a blunder it was made under the aldermanic form of government and not by commissioners.

CREDIT OF COMMISSION CITIES IS AL

Sometime ago W. H. Altman, traveling salesman for the Hardwick-Etter Hardware Co., of Sherman, Tex., stated to the editor of the News and others that his company never hesitated to sell supplies to cities under commission government at as low a figure as any other customers, for the finances of such cities are always in a shape where the bill can be met. As for the other cities, the company always adds 25 per cent to the goods and does not solicit their business even at that.

Confederate Memorial Day.

Atlanta, Ga., April 26.—Today was observed as Confederate Memorial Day throughout Alabama, Mississippi, Florida and Georgia. The holding of memorial exercises and the placing of offerings on the graves of Confederate dead formed the principal features of the program in all cities and towns where the day was observed. In many cities public offices were closed and business largely suspended.

THE CHOICE OF WOMEN OF FASHION

ANY shoe store that can satisfy women of fashion in the critical matter of shoes—in the smart style which such women demand—in the comforting such feet must have—can satisfy anybody.

For that reason we have set out to show the women of this city that it can be done, and the first step in making such a demonstration was to get together a good stock of

Selz Fine Shoes for Women

\$3.00---\$3.50---\$4.00---\$5.00

We could have bought any shoes in the market. There are lots of makers of good shoes for women who would be glad to sell us their goods. We chose SELZ SHOES from them all because we believe they're the best shoes made, and because every pair has attached to it a positive guarantee that the wearer shall get satisfaction in every respect.

SELZ SHOES are the only shoes so guaranteed, and we call your attention to the fact that such a guarantee shows that the maker has full confidence in the merits of his work.

THE SELZ GUARANTEE

The name SELZ stamped on the sole of a shoe is a guarantee of your satisfaction. Remember, your dealer is authorized to see that you get satisfaction from every pair of shoes bearing the mark—

Largest makers of good shoes in the world.

We believe women are just as critical of quality in the things they buy as anybody, and that they are just as ready to appreciate good value for their money as anybody.
